Work Experience

Eurisko, Software Developer

Nov 2023 – Present

Ghazir - Adma wdafneh, Lebanon

Specialized in high-performance web and Smart TV application development. Led frontend initiatives for major media platforms, focusing on Next.js architectures, DRM integration, and cross-platform compatibility.

Shasha (Web, Samsung TV, LG TV):

- Orchestrated a cross-platform revamp (Web & Smart TV) as Core Developer, integrating Widevine/FairPlay DRM and implementing core player functionalities.
- Led a 3-developer team to build a new E-Ticket system, integrating Tap Payments with full Mastercard/Visa support.

Al Thaqafeyah (MBC Group Media Platform):

- Co-developed a high-performance media platform using Next.js 15 and Server Components, optimizing the video player for MPA architecture and utilizing DaisyUI for rapid UI delivery.

Al Ballam (Theater & Media Platform):

- Spearheaded full-cycle development and migration to React Router DOM, implementing MyFatoorah payments (KNET, Apple/Google Pay) and integrating Firebase/Sentry for telemetry.
- Modernized DevOps by migrating CI/CD workflows from Jenkins to Bitbucket Pipelines, leveraging Docker and Alpine to optimize deployment efficiency.

Al Mashhad (News Platform):

- Led Change Requests (CR) for TV and Web, implementing new login pages and QR code login functionality.
- Coordinated with backend teams to configure **Pusher** for real-time features and implemented JSON-LD structured data for SEO.
- Served as core maintainer, applying performance enhancements that significantly improved site speed.

Al Qabas (Digital News Platform):

- Led the complete design revamp for the Web platform and developed Chat UI for **DaiAI LLM chatbot** integration.
- Executed comprehensive SEO enhancements including sitemaps, canonical tags, and improved crawlability.

Eurisko Academy:

- Core instructor for the ReactJS team (2024), conducting interviews, presenting material, and mentoring candidates.

Innovura , React Developer

Oct 2022 – Nov 2023 | Remote, Saudi Arabia

- Led a team to create a Cloud version of our JCWE plugin, expanding customer reach.
- Championed the transition to Atlaskit interfaces, enhancing team productivity and user experience.
- Developed a Jira plugin to boost company and product visibility.

Education

Bachelor of Science in Computer Engineering,

Oct 2020 – Present

Lebanese International University 

Technologies

- **Frontend:** React, Next.js, React Native, Tailwind, DaisyUI
